

PRODUCT INFORMATION

oilfino Finoplex EP 00/000

DESCRIPTION

oilfino Finoplex EP 00/000 is a high-quality lithium-saponified multi-purpose fluid grease for all lubrication points that are supplied by central lubrication systems. It is recommended for heavily loaded plain and rolling bearings in construction machinery, commercial vehicles, tractors and in conveyor technology, where the lubrication points are supplied via central lubrication systems.

PROPERTIES

By producing oilfino Finoplex EP 00/000 with high-quality base oils and thickeners from lithium soaps in combination with rust and corrosion protection additives, it ensures very good milling stability and is very suitable for use in central lubrication systems. Special oxidation inhibitors and corrosion protection additives provide excellent rust protection, even with water exposure. Very effective high-pressure and adhesive additives enable high wear protection of bearings even under changing loads or vibrations.

SPECIFICATIONS

- DIN 51502: KP 00/000 K50

RECOMMENDATION

- MAN 283 LiP 00/000 release level
- MB 264.0 release level
- Vogel central lubrication systems

Specific data	Method	Unit	oilfino Finoplex EP 00/000
NLGI grade	ASTM D 217		00/000
Condition			soft, very supple
Colour			green
Thickener			Lithium
Dropping point	DIN ISO 2176	°C	>160
Worked penetration	DIN ISO 2137	0,1mm	400-430
Behaviour against water	DIN 51807-T1		1-90
Pressure resistance VKA value	DIN 51350T4	N	2000
Welding load			
Base oil viscosity at 40°C	ISO 12058	mm ² /s	40
SKF Emcor WWO salt-water	ISO 11007		max 2-2
Service temperature		°C	-50 to +120
