

PRODUCT INFORMATION

oilfino Econ T 7000 15W-40

DESCRIPTION

oilfino Econ T 7000 is a semi-synthetic Super High Performance Diesel (SHPD) engine oil for use in engines subject to high mechanical and thermal loads, with and without turbocharging. It reliably ensures cold starting at low outside temperatures and full lubrication safety at high operating temperatures. The use of selected additives ensures use during extended oil change intervals and reduces maintenance costs.

PROPERTIES

oilfino Econ T 7000 ensures wear protection through the selected combination of high-quality base oils and selected additives, and ensures excellent engine cleanliness. The optimal protection against bore polishing prevents excessive oil consumption and the excellent cleaning and sludge carrying capacity reliably prevent the formation of black sludge. The excellent oxidation and temperature stability ensures safe operation even under more severe conditions and enables extended oil change intervals according to manufacturer specifications.
